# Message From The President:

**Jim Hickin**  
**President, DAHF**

...*Home of the Brave*. We've all heard those words before, usually at the end of our national anthem. This year, as we celebrate the 200<sup>th</sup> anniversary of the writing of the Star Spangled Banner, the Delaware Aviation Hall of Fame will celebrate seven Delawareans who have exhibited bravery in their own way. These aviation greats will be inducted into the Delaware Aviation Hall of Fame on September 27th at the University of Delaware's Clayton Hall.

Each year, the Delaware Aviation Hall of Fame honors current or former Delawareans who have made outstanding contributions to the advancement of aviation/aerospace in Delaware or shown gallantry in aviation serving our nation and state. Our annual Honors Banquet brings together past inductees, aviation enthusiasts from around the State, and community leaders for an unforgettable night of Delaware aviation history.

This year's inductees have shown bravery in both military and civilian aviation. They have served in wars from World War II to Desert Storm and served their country and their state with distinction. They have taught generations of aviators to fly and passed on their love of aviation to countless new pilots. Please take time to read the brief descriptions of their accomplishments in this newsletter. Once you do, I know you'll want to join us in honoring them and their achievements at this year's Honors Banquet. See you in September!
